

Veberod Gem Gallery Class Notes

Hand Made Findings

We can't run enough sessions of this class! Come in and learn how to make your own clasps, earwires, headpins and more. A few lengths of wire, a couple of tools and you're all set to go! You won't believe how easy it is! We'll talk briefly about the different tools available and the differences in handles and noses. Please bring whatever tools you have on hand.

A note on cost of supplies -

We prefer not to offer kits for our classes. We try to encourage students to pick equipment and supplies (stones, beads etc.) based on their individual creativity. Often there are several options available and you may have some items already. If this is your first class, you are welcome to use the shop's tools so you can discover how enjoyable it can be! New students will need to share the shop tools between them. **It is important to remember to always bring your tools from home!** Also, please mark them so that they are identifiable as your own. If you have any questions regarding the cost of tools, supplies or anything else about the class, please contact us.
